25	Course	Credit Acknowledgement for Concentration Elective Courses	Required courses (1 course), Professional Training Courses (4 courses, 5 credits), and Concentration Requirements (1 course) are mandatory and must be taken at Ewha. Concentration Electives (4 courses for each major) may be transferred in and other courses can be taken freely based on the graduation requirements.	

26	Course	Course Misclassification Problems on Ewha Portal	Students do not need to worry about misclassifications for the courses because the automated computer operating system does classification differently from the actual one. Please refer to the curriculum and your major requirements.	
27	Course	Class Schedule for New Semesters	The class schedule will be confirmed and posted on the Notice board in our department website around early Feb./Aug. Registration starts in the middle of Feb./Aug. and the Course Modification period will be during early Mar./Sep.	
28	Course	Re-taking courses	Students are allowed to retake the courses that they took before. However, both the grades of the previous and the repeated course will be calculated into their GPA. In the case of retaking the exact same course, it will be credited only once based on graduation requirement policy.	
29	Course	Academic Information on Course and Graduation Requirements	Academic Information is given during orientation for incoming students in February/August. Students may also visit the GSIS office for Academic & Student Affairs to check if they are on the right track.	
30	Course	Can I take Ph.D. Courses?	If Master's program students wish to take Ph.D. courses, they need to ask pre-approval from the professor of the course. However, they will not be acknowledged as concentration requirements. Thus, we recommend that students finish taking courses that are mandatory for their major first and then take Ph.D. courses. IS900 courses which are not listed on Master's curriculum are doctoral courses. <i>Students can take Ph.D. courses up to 9 credits: to be accepted credits as Master's graduation credits, please submit form 4-9 at the beginning of the semester.</i>	

31	Course Withdrawal	Is withdrawal possible for all the courses?	Withdrawal periods are during late March and late September. Students need to take at least 1 course per semester. Students are allowed to withdraw from any course except for Thesis/ Dissertation Seminar (Z0001, 2, 3).	
32	Grade	Incomplete Grades (I)	"I"(Incomplete) will be shown on students' score reports on the Eureka Portal when their professors have not made a decision about certain students' grades. In this situation, a student should contact her professor directly and discuss the possibility of make-up papers or any other options as substitutes. Final report of the grades must be made by the professors by Jan.15/July15. If the grade is not reported after the due date, "I" will turn to "F".	
33	Grade	How can I check my grades?	Students can check their grades through Ewha Portal right after the vacation when professors input them. If a student has any inquiries regarding her grades, she should contact her professors directly. However, if she did not complete her course evaluation during course evaluation period, she cannot see her grades until the last day of the grading period.	
34	Grade	Can I still graduate with "F" on the score report?	Students can still graduate with an "F" on their transcript. A student must retake any required course that she fails, receive the prescribed number of credits for graduation, and maintain an acceptable GPA (see the next item) in order to graduate. Students must earn C- or above to receive credit for courses they take. Please note that Students are required to maintain a B0 or above for their concentration requirement course.	

35	Grade	Is low GPA okay?	If a student has a GPA of 2.50 or below for 2 consecutive semesters, she will be expelled for poor grades. In this case, she will not be able to apply for readmission. In order to complete and graduate from the M.I.S program, a student's cumulative GPA should be 3.0 or above (on a 4.3 scale). Please note that Students are required to earn a B0 or above for their concentration requirements.	
36	Research	Can I join a research project?	If a student is interested in participating with a research project, please contact the GDIS faculty who is working in a research area which she is interested. If a student joins a project enrolled with the Ewha Office of Research, a Master's student can receive 3 credits per semester and 6 credits in total (R0001 Independent Study) and those credits can be accepted for graduation.	GSIS Form 4-8 (Application for Independent Study)
37	Thesis	Is a master's thesis mandatory?	No, it is not mandatory. A student who wishes to write a Master's thesis in her fourth semester must have taken 35 credits by the end of her 3rd semester. Then, she needs to take and pass the Comprehensive Exam in order to register for the Thesis Seminar (Z0001) in the following semester.	
38	Thesis	Is Thesis Seminar (Z0001) a class?	There are no regular classes for the Thesis Seminar but students must register for this course in order to write their thesis. If a student wants to receive advice on her thesis, she should consult with her thesis advisor and start preparing her thesis.	
39	Thesis	Withdrawal of Thesis / Dissertation Seminar (Z0001, 2, 3)	Withdrawal is not possible for the Thesis / Dissertation Seminar. Once registered, if a student does not submit her thesis by the given date, "F"(Fail) will remain on her transcript. However, if she has taken 41 credits by then, even though she hasn't finished the thesis seminar course, she	On Eureka or form submission

			will still be able to graduate without a thesis (In this case, it would be necessary for the student to submit a track change application before graduating. Please see Item 44). Students who paid the thesis screening fee but have not submitted a thesis for screening can be reimbursed for the screening fee within the semester by submitting form 9-13. If a student cancels thesis-based registration, thesis-based registration tuition fee will be reimbursed according to the cancellation date.	
40	Registration	Lack of credits after fourth semester	If a student has not met the graduation requirements by her fourth semester, she may register for regular courses and for the Thesis Seminar simultaneously. Students should pay half tuition for up to 3 credits and full tuition for 4 or more credits from the fifth semester. If taking the Thesis Seminar only, around ₩1,000,000 KRW will be charged. In addition, research-based registration is available for Comprehensive Exams and Research activities for school facility use. For details, please check the announcement board of our homepage and see the tuition payment guide.	
41	Tuition Fee	When & How to pay the Tuition Fee	Around mid-February/August, students must pay their tuition. Related information will be posted on our homepage. Students may make payments to their individually assigned virtual accounts during the payment period. Students who received full-tuition scholarships or enroll in 0 courses must print out their tuition bills and bring them to the Shinhan bank on campus to confirm registration.	
42	Long-term Internship	Long-term internship	The maximum number of internship credits a student may receive for graduation is 9. Internship during leave can also be counted as credits. Please note that <b><u>you need to submit a proposal prior to your leave</u></b>	GSIS 13-1 (GSIS Internship Proposal Form), 13-2 (Internship Evaluation Form)

			<b>and the beginning of the internship.</b> For details, send inquiries to GCMC (3277-3651, gcmc@ewha.ac.kr).	(in English)), 13-3(GSIS Internship Evaluation Form (in Korean))
43	Graduation	Comprehensive Exam	Comprehensive exam is mandatory for all students to pass whether they write a thesis or not. Students can submit an application form to apply for the Comprehensive Exam Screening in the semester when she has registered for more than 3 semesters and achieved or expects to achieve more than 35 credits valid for graduation. To write a thesis in her fourth semester, a student must have taken a total of 35 credits by her 3rd semester and applied for the comprehensive exam. To register, fill out and submit the application form after reading the notice from the website. In order to pass, the student must get B0 or higher grades for at least 3 courses from her concentration requirements and concentration electives. Students who choose the [additional 3 credit track] should pass the exam within 2 years of the recognition of the 'completion of coursework', or by the last semester when she expects to graduate.	Form 7-1 (Application Form for Comprehensive Exam Screening / Track Choice For Master's Program)
44	Graduation	Foreign Language Exam (English)	During coursework, students should send an official report card (or a copy after presenting the original) by the announced due date (Early June/Early December. If a student is a native English speaker, she should fill out and submit the application form to be exempt from this requirement. Submitted score reports will be confirmed by authority. The Foreign Language Exam is mandatory for all students.	GSIS 8-1(Application Form for English Test Replacement (Native Language))
45	Track Choice	Choice of Master's Thesis Track or Additional 3 credits Track	A student who has completed the required coursework (38 credits) and received an additional 3 credits or passed her master's thesis (3 credits) can graduate and will be conferred the degree of Master of International	Form 7-1(Application Form for Comprehensive Exam Screening /

			<p>Studies. Students are asked to apply for their track (thesis or extra 3 credits) right after their third semester ends (early July/early January).</p> <p>Track change is available only once during the course withdrawal period of the semester in which student expects to graduate. Track choice can be done with or without application for comprehensive exam screening.</p> <p>According to the track change, students may need to withdraw from courses or register for an additional semester.</p>	Track Choice for Master's Program)
46	Graduation	Total Credit to Fulfill Graduation Requirements	<p>A total of 41 credits are required for graduation. Students writing a thesis need 38 credits from courses + the Thesis Seminar (Z0001, 3credits).</p> <p>Students who do not wish to write a thesis must complete 41 credits from course work. Cumulative GPA must be 3.0 or above on a 4.3 scale.</p> <p>Additionally, students must pass the foreign language exam (English) and comprehensive exam.</p>	
47	Graduation	Can I write a thesis after graduation?	<p>After graduation, a student cannot register for the Thesis Seminar course. <u>If a student wants to postpone her graduation by track change, then she needs to adjust her coursework arrangement so that she does not fulfill the graduation requirements. This can be done by withdrawing from courses during the withdrawal/modification period. Once a student earns 41 credits, they must graduate.</u></p>	
48	Graduation	Possibility of Early Graduation	<p>For the M.I.S. program, the regular curriculum runs for 4 semesters, whereas the Ph.D. course demands 4 semesters of course work + Dissertation Seminars 1 and 2 (one semester or more for each course).</p> <p>Students are not allowed to shorten the length of their program even if</p>	

			they have completed the requirements early. Early graduation is not permitted.	
49	Graduation	Title of Degree	Title of Degree on a student's Certificate of Graduation will be written as the department followed by her major. [Example: Master of International Studies (Development Cooperation)].	
50	Graduation	Certificate of Graduation (and Transcript, enrollment)	Students receive their diploma only once at the graduation ceremony. However, Certificates of Graduation and Official Transcripts can be issued at the Student Service Center in ECC by the automated machine or through Ewha Portal. The diploma is issued in Korean, whereas certificates of graduation and transcripts can be issued both in Korean and English.	
51	Graduation	Can I apply for a leave of absence after completion of coursework?	After students complete their coursework (credits), the term "leave of absence" no longer applies and it is no longer necessary to register for a "leave of absence" if planning to be gone for a semester. <u>However, if a student chooses the thesis track, her thesis must be completed within 7 years from the admission year. In the case of the [extra 3 credit track], she must finish her courses and graduate within 2 years of the completion of her coursework.</u> Otherwise, she will receive a [Permanent Completion]. A [Permanent Completion] means that she will get a certificate recognizing the completion of her coursework but will not be eligible for the M.I.S. degree.	
52	Etc.	Inquiry about Dual Degree	Ewha GSIS has association agreements with the Elliott School of International Affairs of George Washington University (GW). Usually, students who apply for a Dual Degree take 3 semesters at Ewha and 2	

			<p>semesters at GW. In this case, a student is able to obtain up to 35 credits from Ewha and transfer 6 credits from GW later. Then, she will be able to graduate from Ewha GSIS by her fourth semester and study at GW for one more semester (A maximum of 6 credits can be transferred from GW per semester and a maximum of 9 credits total are allowed from all other graduate schools including GW). Dual Degree applications are done individually but students may find related information and necessary documents on the GSIS homepage-Academics-"Outreach". In addition, Ewha GSIS demands students to follow 4 semester curriculum regulations. Therefore, if a student decides to study at GW for her fourth semester, she must pay tuition for both Ewha and GW and after graduating Ewha in the fourth semester, she needs to pay GW for the next semester. In contrast, if a student finishes 4 semesters of the M.I.S. program at Ewha and is starting at GW in her fifth semester, then she needs only to pay tuition to GW for those two semesters. For reference, it is possible to apply for the GW Dual degree program for up to three 3 years after graduation from Ewha. This program will allow students to receive an M.I.S. from Ewha and also an M.I.S from GW. See Items 22-25 for more information about credits obtained at institutions other than Ewha GSIS.</p>	
53	Etc.	Exchange Students	<p>Elliott School of International Affairs, George Washington University and International University of Japan are our partner institutions because it has an association agreement with us. Students can submit applications for this exchange student program to the department office according to the corresponding period. If a student decides to attend this exchange</p>	

			program, tuition fee is payable to Ewha only and she must pay other costs herself. A total of 6 credits per semester and 9 credits total may be transferred to Ewha. See Items 22-25 for more information about credits obtained at institutions other than Ewha GSIS.	
54	Etc.	Readmission	Students who do not return after a leave of absence or who have dropped out of school previously may apply for readmission. Students may only be readmitted once. If readmitted, a student must still complete all of the graduation requirements within the allotted timeframe (7 years after entrance). The 7-year timeframe includes the leave of absence but does not count the period when a student was not on the school registrar. Credits from semesters before readmission will be acknowledged. Students who were expelled for poor grades or any kind of disciplinary reason, or students who spent 7-year timeframe (including leave of absence period) are not allowed to apply.	GSIS 2-1 (Readmission Form)
55	Etc.	Re-authorization of Thesis/ Dissertation Submission Eligibility	This applies to a student who has been unable to receive her degree due to the expiration of her thesis submission period (7 years from initial entrance year) but who has passed the thesis submission eligibility exam (Foreign language exam and comprehensive exam). Students can only apply for this one time, regardless of whether their request is granted or rejected. Students must submit, or previously have submitted, a valid official English proficiency test score to apply. Once re-authorization is granted, a student should be enrolled with thesis-based registration every semester until she has completed her thesis and must submit her thesis within 2 years. ### *Procedures*

**Official Discipline:** Faculty members and the Dean of GSIS will determine disciplinary measures on a case-by-case basis. Standard penalties for a first offense may include: failure or no credit for the course in which the violation occurred, hours of community service, notice to the student's family, a one-semester suspension from the University and/or a combination of these measures. Multiple violations usually will result in expulsion from the University.

**Student Reporting:** A student who has direct knowledge of a potential case of academic dishonesty is required to:

- Provide a signed, written statement of the observed behavior to the appropriate faculty member and/or to the Dean promptly (guideline: within two weeks of the alleged occurrence); and
- Provide the name or identity of the person alleged to have committed the violation.

Students who knowingly do not fulfill this reporting obligation are subject to sanctions. A reporting student's identity may be kept confidential by the faculty and/or Dean at the student's request. A violating student's confession of an Honor Code violation will be considered as a positive factor in the determination of disciplinary action.

<sup>1</sup> Plagiarism means presenting the words or ideas of another person without citation of the source, thereby dishonestly indicating that the words or ideas of another person are the author's own work. Examples of plagiarism include: "turning in someone else's work as your own, copying words or ideas from someone else without giving credit, failing to put a quotation in quotation marks, giving incorrect information about the source of a quotation, changing words but copying the sentence structure of a source without giving credit" and "copying so many words or ideas from a source that it makes up the majority of your work, whether you give credit or not" among other things.
